

# SNMPc Network Manager

Visualise, monitor and pro-actively manage your network

## Castle Rock SNMPc – Training Program

- On-site or the Milton Keynes Regus Training Facility

### Benefits of On-Site training:

- Reduce travelling for employees
- Training on customers equipment
- Confirm installation and configuration
- Set up example reports and configs on real management system
- Load custom MIBs for equipment actually in use on site

### Benefits of training at MK:

- Less interruptions o Lab conditions using :
- Cisco Catalyst switches
- Cisco Routers o Cisco Aironet Wireless AP
- Windows 2003 Server with SQL and Exchange.
- SNMP Simulation of multi-node network.

## Topics covered

### Overview of SNMP

- The SNMP protocol, terms and acronyms

### Overview of SNMPc Enterprise version

- Distributed Architecture
- Toolbars
- GUI layout

### First Steps

- How to compile in new MIBs
- Working with maps and sub maps
- How to Add and Delete nodes
- How to monitor active links

- Understanding Event Alarms
- Creating Alarm filters

### Notifications

- How to set up sms/pager support
- How to set up email support

### Using Custom MIBs

- How to use custom tables

### Customising 'Right Mouse Click' menus

### User Profiles and Security

### Using SNMPc

- Using SNMPc to manage your network
- Using RMON
- Ways to extend SNMPc

### Web interface

### SNMPc OnLine & Express Edition

- Creating OnLine 'Views'
- More Trend Reports
- Working with SQL

### Duration

- One Day

### Principal Consultant

- Clive Taylor

### Certification

- There is no certification associated with this course

### Documentation

- Training materials are provided per student and a resource CD per course

### Who should attend

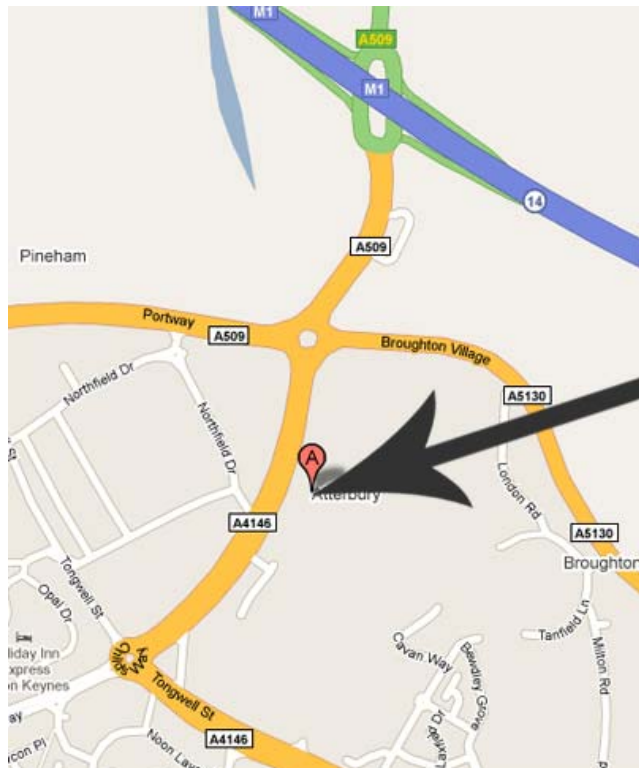

- This course is designed for network administrators and those involved with day to day operation of the Castle Rock SNMPc Network Management software.

### Pre-requisites

- Delegates should have a system level knowledge of their network Infrastructure.

### Milton Keynes Training – Directions by road

- If traveling from the M1 Motorway, come off at J14 and head toward Milton Keynes center. Go over the first roundabout on to 'Childs Way' – the Regus Building is on the Left hand side
